EDUCATION

Full-Stack Web Development

Atlas Coding School, Tulsa, Oklahoma

April 2026

- Built responsive web applications using HTML, CSS, JavaScript, and React
- Developed full-stack features using C#, Python, APIs, and database systems (SQL/NoSQL)
- Collaborated using Git/GitHub in team-based environments
- Applied data structures, algorithms, and problem-solving to real-world projects
- Designed accessible and mobile-friendly user interfaces

Capstone Project: [Roots on Route 66](#)

- Developed an interactive full-stack web application to track and manage sweet potato plant growth, lineage, and propagation
- Built core features including plant tracking, parent-child relationships, clipping creation, and generational data visualization
- Designed dashboard and gallery views to monitor activity metrics, QR scans, and manage plant collections
- Implemented user authentication (sign up/sign in) and data export functionality for secure, user-controlled data management

Bachelor's Degree – Agriculture Studies

Alberoni University, Afghanistan

2017 - 2021

High School Diploma

- Emphasis on science-based curriculum

WORK EXPERIENCE

Case Worker

Synagogue, Tulsa, OK

2024 – Present

- Interpretation & Translation: Provided comprehensive interpretation and translation services for refugee clients, ensuring culturally sensitive and accurate communication.
- Case Management: Supported refugees with housing, healthcare, and social integration needs, maintaining meticulous records to track client progress.
- Coordination & Compliance: Collaborated with leadership to refine processes, ensuring timely fulfillment of service requests and compliance with organizational standards.

Part-time Interpreter

YWCA Tulsa, OK

2024 – Present

- Language Access: Delivered on-site interpretation services in medical, legal, and social service settings, bridging communication gaps for non-English speakers.
- Customer Service: Maintained strong relationships with staff and clients; familiar with scheduling, coordinating, and troubleshooting interpretation requests.
- Administrative Support: Updated logs, processed documents, and managed vendor contracts in collaboration with staff.

Volunteer Interpreter

Khan-O-Hana Foundation, Tulsa, OK

2021 – Present

- Community Outreach: Acted as a liaison for refugee families by offering language support during critical healthcare, educational, and legal appointments.
- Cultural Mediation: Ensured accurate interpretation of complex terminology and sensitive cultural nuances to promote client well-being.

Soccer Coach

YMCA Tulsa, OK

2024 – Present

- Program Coordination: Organized weekly sessions, scheduling fields and resources for refugee and immigrant youth.
- Team Building: Fostered an inclusive environment, using sports as a tool for community bonding, social inclusion, and cross-cultural understanding.

CERTIFICATIONS & ADDITIONAL HIGHLIGHTS

- TOK 40-hour Professional Interpretation & Translation Training
- HIAS Certificate in Trauma-Informed Care & Cultural Competency
- First Aid, CPR & Emergency Oxygen Administration Certification
- Medical and social services interpretation experience
- Skilled in contract and client management with strong collaboration and conflict-resolution abilities
- Experience in coordinating training workshops and events; strong team player
- Member of the U.S. Refugee Congress
- Proficient in Persian, English, and Pashto
